

KEY FEATURE DOCUMENT

for the Söderberg & Partners Platform Ltd. Stocks & Shares ISA

The Financial Conduct Authority is a financial services regulator. It requires us, Söderberg & Partners Platform Ltd, to give you this important information to help you to decide whether our Stocks & Shares ISA is right for you. You should read this document carefully so that you understand what you are buying and then keep it safe for future reference.

We do not provide or offer financial, legal or tax advice. You should seek your own financial, legal or tax advice from a financial adviser or another suitably qualified professional.

The Söderberg & Partners Platform Ltd. ISA is provided and managed by Seccl Custody Limited, who is the authorised ISA manager. Seccl Custody Limited, a wholly owned subsidiary of Seccl Technology Limited, is registered in England and Wales (Number 10430958) and authorised and regulated by the Financial Conduct Authority (Firm Reference Number: 793200).

In this document, use of the terms us/we/our means Söderberg & Partners Platform Ltd.

Its Aims

- The Söderberg & Partners Platform Ltd. Stocks & Shares ISA allows you to invest in a tax- efficient way.
- The ISAs enable you to spread and adapt your chosen funds as you wish, according to your financial goals and attitude to risk.
- The Stocks & Shares ISA will allow you to have easy access to your money, through either regular or one-off withdrawals, and you can cash in the whole or part of your ISA whenever you wish.
- You can switch funds or swap investment ranges within each of your ISA products.
- You can transfer your existing ISA investments to us, without any loss of tax benefits.

Your Commitment

Minimum investments

- The minimum initial investment into one of our ISAs is £1 and the minimum cash top-up is £1.

Choosing and Reviewing Funds

- You need to choose the Investments or funds in which to invest in. You will be provided with a Key Investor Information Document (KIID) for each chosen fund, and a Key Information Document (KID) for each chosen investment trust, which will have all the relevant information to help you make a decision.
- To ensure that your ISA and your chosen investments continue to meet your needs, you should monitor their performance regularly, consider new funds that become available and make whatever changes may be necessary.

Keeping in Touch

- There is no minimum period for holding one of our ISAs, but you should consider it to be a medium- to long-term investment.
- You will need to keep us informed about any future change of address or contact details so we can maintain efficient records for your benefit.
- You should regularly review your investments and keep up to date with information about our service by logging into your account.

Risks

- The value of your investment and the income from it can go down as well as up, and you may get back less than you put in. Past performance of any investment is not a guide to future returns.
- What you receive when you sell your investment is not guaranteed; it depends on how your investments perform.
- Tax rules can change, and your own tax treatment will depend on your personal circumstances. Speak to a qualified tax adviser if you're unsure.
- Governments can change the way ISAs and other investments are taxed.
- Inflation can reduce the value of your money. Inflation means the cost of goods and services increasing over time. This has the effect of reducing the buying power of the money you have saved. A £10 note will still be worth £10 in five years' time, but you might not be able to buy as much with it.
- The funds available for you to invest all have specific objectives and associated risks. If the funds in your ISA do not match your attitude to risk (willingness to accept potential losses), they may not perform as you anticipate.
- The effect of charges may be higher than illustrated. If you switch to funds with higher charges than those originally illustrated, or if fund management costs increase in the funds you initially chose, the effect of charges will change.
- If you cash in your account during the early years, you may get back less than you paid in. Stocks & Shares ISAs are designed for medium-to-long-term investing.
- If you decide to cancel your account within the first 30 days, you may get back less than you invested if its value falls in the meantime.

Cancelling my ISA

- Should you wish to cancel your ISA you will need to do so by contacting Söderberg & Partners Platform Ltd. within 30 days of opening the account. You can choose to withdraw the value of any investment you've made or transfer the value to another provider.

Can I replace cash I have withdrawn?

Stocks & Shares ISA:

- Yes. The Stocks & Shares ISA we offer is a Flexible ISA. This means that any withdrawals won't count towards the annual ISA allowance.
- Any replacement subscriptions must be made into the same ISA and within the same tax year.
- For example, if you subscribed £20,000 – the maximum allowed in 2025/26 tax year – then chose to withdraw £5,000, you would be able to reinvest the £5,000 in the same year without breaching your ISA subscription allowance.

What Charges do I have to pay?

- There are no charges for using the ISA product itself; however, you will pay a platform fee and may be subject to investment charges.
- Please refer to the Söderberg website soderbergpartners.co.uk for more details.
- In addition, fund managers will apply charges to your chosen investments. Details of these charges are available when you select your investments online. These charges are deducted from the fund value.

What could I get back?

The amount you get back will depend on the following factors:

- how much you invest.
- the performance of your investments.
- any charges.
- any income you have taken or withdrawals you have made.
- and the terms and conditions of your investment.

What tax will I pay?

- There is no capital gains tax to pay on any gains and no UK tax on the income. You do not have to declare ISA income or capital gains on your tax statements.
- Please note that tax rules are applied according to individual circumstances and may change in the future.
